

REMARKS

The title has been amended to more clearly describe the subject matter that Applicants regard as their invention.

The specification is amended in accordance with 37 CFR §1.78 to make reference to the International Application from which this application originates and to incorporate by reference the Japanese priority application. Also the specification is amended to more clearly describe the subject matter that Applicants regard as their invention. A marked-up copy and a clean copy of the substitute specification are provided.

Claims have been amended to delete redundant expressions and to more clearly describe the subject matter that Applicants regard as their invention.

No new matter has been added by these amendments.

In view of the above amendment, applicant believes the pending application is in condition for allowance.
